Our Company, is in a dominant in the competitive market.

Gobain Ceramic, provide the customers with high quality product and excellent services through the widespread national and international dealer network. Every phase of the production process is carried out in its whole using advanced technology, in order to guarantee maximum precision in every step of the production processes, obtaining an unbeatable quality for all our products.

Gobain ceramic believe in Quality is not an act, it is a habit. Looking to the future, Our Company will go hand in hand with all walks of life to create a beautiful tomorrow for modern architectural and decorative ceramic industry based on creating Life culture and focusing on personnel, and insisting in the spirit of producing excellent tile with solid work.

VISION

We firmly believe in continual processes and product innovation to deliver the best of ceramic tiles with fine aesthetic qualities and durability. We have established innovation, integration and excellence as our fundamental principles; in other words, a dynamic geared towards continual improvement within the framework of sustainable growth.

INFRASTRUCTURE

A NEW PATH TOWARDS EXCELLENCE

We are delighted to announce the inauguration of a GOBAIN ceramic. As the market continues to grow, a palpable divide has formed segregating the demand for tiles into two. Gobain tiles that cater to the masses and provide value for money and Gobain tiles that are a work of art and cater to those with a refined taste for things. Gobain is our attempt to redefine elegance and present a collection that demands attention and is a vision to behold. The artwork tells a story by itself, having been designed after strong conceptualization and research. The printing technology used in Gobain tiles is at par with the best in the world, producing patterns and designs that stand the test of time. The current gobain collection of tiles is available in several size ranges including 300 x 450 mm.
